Wiley: Depression and Attempted Suicide in Adolescents ...

Reviews. The one on Depression and Attempted Suicide is by Alan Carr and, again, is thorough and broad in its approach, not shying away from medication if this is required in addition to psychological therapy ... Overall I would recommend that this series is present for anybody working with adolescents, as they provide a very useful guide...

Suicidality, depression, and alcohol use among adolescents ...

Suicide is a serious health problem as it is currently the third leading cause of death for teenagers between the ages of 15 and 24 years. Depression, which is also a serious problem for adolescents, is the most significant biological and psychological risk factor for teen suicide.
