Ratio and Proportion Lesson

1 The Candy Jar Task: A Ratio and Proportion Lesson Overview: Proportionality is an important integrative thread that connects many of the mathematics topics studied in grades 6–8. Students in grades 6 – 8 encounter proportionality when they study linear functions of the form $y = mx$, when they use the relationship between the circumference of a circle and its diameter, and when they reason ...

Year 6: Ratio (Lesson 4) by mrajlong | Teaching Resources

This is Lesson 4 of a five lesson Ratio unit of work for Year 6 (or low year KS3). In each pack you will find: Lesson plans (including for your TA), differentiated worksheets/activities (LA, MA and HA plus a challenge activity for deeper understanding/mastery), answer sheets for all activities and flipcharts for whole class teaching (in both ActivInspire and PowerPoint format).
