## The Evolving Urban Form: Sprawling Boston

Few terms are more misunderstood than "urban sprawl." Generally, it refers to the spatial expansion (dispersion) of cities and has been used to describe urbanization from the most dense (least sprawling) in the world (Dhaka, Bangladesh), the most dense in the United States (Los Angeles) and also the least dense in the world (such as Atlanta and Charlotte, low density world champions in their ...

## Panama | History, Geography, Facts, & Points of Interest ...

Panama enjoys a lively mix of cultural influences, expressed in the country's cuisine, artwork, music, and literature. Its capital, Panama City, is located on the Pacific coast just east of the canal. A cosmopolitan city where skyscrapers tower above whitewashed bungalows, it enjoys a handsome setting and a growing importance as a commercial and financial services centre for the region.

## The transport geography of logistics and freight distribution

Goods movement and freight distribution are widely underrepresented in regional science and geographical research. This is surprising since a large body of traditional spatial theory has been developed with respect to transportation costs or to trade areas: those aspects that were originally closely connected with the exchange of goods.

## Seniors Dispersing Away from Urban Cores

Senior citizens (age 65 and over) are dispersing throughout major metropolitan areas, and specifically away from the urban cores. This is the opposite of the trend suggested by some planners and media sources who claim that seniors are moving to the urban cores. For example, one headline, "Millions ...
